

Contract Information

Contrast Media including Injectors and Associated Products

Reference: SBS/19/JC/DPW/9385

Potential saving opportunities 5%

Who can take advantage of the framework agreement?

All approved NHS SBS Approved Organisations. This includes any Public Sector Organisation in the UK.

What is the framework duration?

9th March 2020 – 8th March 2024

What does this framework cover?

A range of products including:

- Ionic and non-ionic iodine based Contrast Media (including high and Low Osmolarity)
- Paramagnetic Contrast Media
- Specialist Contrast Media Products including but not limited to:-
 Contrast agents for gastro-intestinal examinations including barium sulphate (includes lower GI tract exam media)
 Oral contrast media for GI tract and CT scans
 Ultrasound contrast agents
- Contrast Injectors (including service and maintenance)
- Ancillaries/Associated Products/Maintenance
- All aspects of Radiology and Medical Imaging including MRI, CT Scanning & X-Ray.

What are the benefits of using the NHS SBS Contrast Media framework?

- **OJEU COMPLIANT**

A detailed procurement exercise has taken place to ensure that suppliers selected are appropriate in terms of meeting all legislative requirements and therefore no formal tendering is required, saving valuable time & money in the procurement process.

- **SIMPLIFIED ORDERING PROCESS**

Ability to view Suppliers through GHX/NEXUS, which supports the ordering and payment process.

- **INCLUSIVE FRAMEWORK**

The procurement offers a one stop shop solution whereby trusts can directly call off from the framework agreement.

- **CLINICALLY COMPLIANT**

All products comply with the Medical Devices Directive 93/42/EEC.

- **DELIVERY OPTIONS AVAILABLE**

Direct delivery option to all approved organisations.

- **FLEXIBLE AND AGILE**

New products and innovations can be added to the framework scope.
