

Contract Information

Radiopharmaceutical products

Reference: SBS/20/BH/DT/10025

Potential saving opportunities 6% - on some products ex generators

When does the framework agreement start?

1st April 2021 until 31st March 2024 with the option to extend for a further 12 months.

Who can take advantage of the Radiopharmaceutical Products framework agreement?

All NHS SBS Approved Organisations. This includes all Public Sector organisations in the UK.

What does the framework agreement cover?

A wide range of Radiopharmaceutical products including:

- Radiopharmaceutical Kits
- Diagnostic Radiopharmaceuticals
- Therapeutic Radiopharmaceuticals
- Technetium Generators
- Krypton Generators
- 18F –FDG

The awarded suppliers are also able to provide training, maintenance and support where required.

What are the benefits of the framework agreement?

• OJEU COMPLIANT

A detailed procurement exercise has taken place to ensure that suppliers selected are appropriate in terms of meeting all legislative requirements and therefore no formal tendering is required, saving valuable time & money in the procurement process.

• SIMPLIFIED ORDERING PROCESS

Ability to view Suppliers through GHX/NEXUS, which supports the ordering and payment process.

• CONTRACT MANAGEMENT & SUPPORT

Supplier performance & spend is monitored on an ongoing basis by NHS SBS. We are available to support Customers with any problems which may arise during the course of the framework.

• CLINICALLY COMPLIANT

All products comply with the Medical Devices Directive 93/42/EEC.

• MINI-COMPETITION AND DIRECT AWARD

Both direct award and min-competition routes to market are available.

• DELIVERY OPTIONS AVAILABLE

Direct delivery option to all approved organisations.

• FLEXIBLE AND AGILE

New products and innovations can be added to the framework scope.
